

YOUR BLOOD STAYS **HERE**

At Miller-Keystone Blood Center, our mission is to save lives by partnering with our community to provide a continuous supply of blood products and services.

We are a not-for-profit community blood center providing blood to dozens of hospitals in Eastern & Northeastern Pennsylvania and Western New Jersey.

The blood you donate here helps individuals in your community. That means your blood could save the life of your family member, friend, or neighbor.

MKBC is one of the nation's best-regarded, highly-experienced blood centers. Our history of compliance with FDA requirements demonstrates our **commitment to quality and service excellence**. For more than 50 years, we have delivered safe, reliable blood products for your community.

WE LOVE OUR BLOOD DONORS

We love welcoming new blood donors to our Miller-Keystone Blood Center Family. It takes a special person to to become a courageous lifesaver. When you give a pint, you give more than just blood, you give the gift of life!

Your simple blood donation can save up to 3 lives. That means a cancer patient can continue the fight, a trauma victim may survive, and a premature baby can grow and thrive all because of you!

Be sure to schedule a next donation with MKBC and become a part of our lifesaving family. While you are at it, bring a friend and welcome them as an official MKBC donor too!

MKBC BY THE NUMBERS

03

If every blood donor donated at least 3x a year, **there would never be a blood shortage.**

350

350 blood donors are needed every day to maintain our blood supply. **Our only source of blood is from donors like you.**

56

You are eligible to give whole blood every 56 days, that's **up to 6 times per year.**

08

Platelet donors are eligible to donate every 8 days, **up to 24 times per year.**

04

Plasma donors are eligible to donate **every 4 weeks.**

112

You are eligible to donate super red cells **every 112 days.**

THE DONATION EXPERIENCE

STEP 1: SCHEDULE

Schedule online, over the phone, or at our reception area. When you arrive, please be prepared to provide us with valid identification, such as a driver's license or your MKBC Donor ID.

STEP 2: ANSWER

Answer a medical history questionnaire at home using iScreen®, or at the blood drive/donation center. This must be completed the same day as your donation.

STEP 3: CHECK

A trained medical screener will check your blood pressure, temperature, and iron level.

STEP 4: COLLECTION

You will now undergo the physical collection of blood. For whole blood, this process only takes 8-10 minutes.

STEP 5: REFRESH

You will be served refreshments and asked to relax in our canteen area.*

**Whole Blood only*

After you donate blood, please continue to stay hydrated by drinking plenty of water. Avoid exercise, smoking, and alcohol for 24 hours. Remember to enjoy the feeling of knowing that your gift is saving lives, right here in our community.
