DIOCESE OF ALLENTOWN PARISHES EXCEED FIRST YEAR RESULTS IN SECOND ANNUAL SAINT JANUARIUS BLOOD DRIVE CAMPAIGN

LEHIGH VALLEY, PA – Officials from Miller-Keystone Blood Center (MKBC) and the Diocese of Allentown today announced impressive results from the second annual Saint Januarius Blood Drive, with participating parishes boosting blood donations by 40% compared to last year's inaugural effort.

"Of course, we set out to exceed last year's blood donation results, and the Diocese of Allentown made it happen," said Monika Wiegiers, Director of Donor Relations. "Between September 19 and December 16 of this year, an amazing 821 blood donations were collected as part of the second annual Saint Januarius campaign."

Wiegiers added that 63 Diocesan churches and schools were represented in 2025, an increase of 17 from the previous year.

The blood drive campaign was held in honor of Saint Januarius, the patron saint of blood banks. Wiegiers noted that both dates are of special significance. "September 19 is the Feast Day of Saint Januarius," she explained, "while December 16 is one of the dates when the miracle of his blood liquefaction is traditionally observed."

Blood donors providing their parish's Blood Drive Sponsor Code at the time of their appointment received a Saint Januarius medallion blessed by The Most Reverend Alfred A. Schlert, Bishop of the Diocese of Allentown. A prayer card was also made available for those donors who received a medallion last year.

"I'm so grateful to Miller-Keystone and Diocese of Allentown staffs," said Bishop Schlert. "Our parishioners responded beautifully to our initiative, and I'm very proud of them."

“Miller-Keystone Blood Center was privileged to partner with the Diocese of Allentown again this year to save lives in our community. We are very grateful for their generosity and support of our critically important mission,” said Wiegers.

“While the Saint Januarius campaign brings a fun and exciting spirit of competition, I think it is always important to note that blood donation is a year-round lifesaving act and we encourage everyone to make giving blood a habit throughout the year,” added Wiegers.

“Approximately 350 blood donations are needed every day to help cancer patients, accident victims, premature babies, and others receiving lifesaving care at our community hospitals,” she said, encouraging eligible blood donors to schedule a blood donation at any of MKBC’s regional donor centers, located in Allentown, Bethlehem, Easton, Pittston and Reading.

In order to donate blood, individuals must be at least 16* years of age, weigh a minimum of 110 pounds, and be feeling healthy. A full list of eligibility guidelines can be found on the MKBC website at [GIVEaPINT.org](https://www.giveapint.org). (* parental consent required for 16-year-old blood donors)

Appointments can be made by calling 800-B-A-DONOR, (223-6667) ext. 2, online at [GIVEaPINT.org](https://www.giveapint.org), via the MKBC App (available for download at Google Play or the Apple Store), or by scanning the QR code.
