Welcome From

MILLER-KEYSTONE BLOOD CENTER

Dear Friends: Thank you for joining us for our MKBC Impact Awards!

At Miller-Keystone Blood Center, we have long taken pride in celebrating the extraordinary commitment of our blood donors, blood drive sponsors and coordinators, students, financial supporters, volunteers, staff, and partners, all of whom are critical to our lifesaving mission.

Over the years, we've explored a number of ways to recognize these remarkable individuals and organizations. Today's event represents what we've been working toward: a meaningful opportunity to say thank you and to celebrate the powerful impact you make, both individually and collectively, not only on our organization, but on our entire community.

Today, we are honored to present our inaugural Impact Awards and to share inspiring stories from transfusion recipients, donors, blood drive sponsors, financial supporters, and volunteers who give their time, resources, and heart to ensure a safe and reliable blood supply for the hospitals throughout our region.

Thanks to their dedication over the past year, we were able to:

- Recognize MKBC's first blood donor to reach the **150-gallon milestone**,
- Celebrate the arrival of "**Bloodhound I**," the newest addition to our fleet of bloodmobiles - soon to be followed by "Bloodhound II" and "Bloodhound III,"
- Partner with the City of Allentown's Bureau of EMS (Emergency Medical Services) to announce the launch of its **Pre-Hospital Blood Program**,
- Host a concert by Lehigh Valley musician **Craig Thatcher and his band** at the Levitt Pavilion at ArtsQuest,
- Debut our "**Your Blood. Their Hope.**" **podcast**, and
- Join America's Blood Centers in celebrating **East Penn Manufacturing** (Lyon Station, PA) and MKBC's Medical Director, **D. Kip Kuttner, D.O.**, both of whom were recognized at the 2025 ABC Annual Meeting in Washington, DC.

We are so grateful that you chose to spend this time with us as we recognize the individuals and organizations whose generosity makes our lifesaving work possible.

From all of us at Miller-Keystone Blood Center, thank you. While you may never meet the people whose lives you've touched, please know that those individuals and their loved ones are forever grateful. These achievements marked my first year as President & CEO, and I am excited for all that lies ahead in 2026. With your continued generosity and support, I know we will keep building a brighter, healthier future for our community!

IT TAKES ALL OF US

Recognizing the *Impact* of Financial Support

It takes many hands and hearts to keep the blood supply ready and strong, and financial donors are a big piece of that puzzle. Financial support helps us maintain critical equipment, expand outreach, and respond quickly when emergencies arise. These contributions allow us to invest in technology, enhance donor experiences, and ensure that our blood supply remains safe and reliable for every patient who depends on it.

Corporate and foundation partners play a critical role in sustaining and growing our programs, while individual leadership donors demonstrate a deep commitment to our mission.

Financial investment ensures that when someone's life hangs in the balance, we are ready. Alongside blood donors, volunteers, and community partners, financial supporters play an important role in ensuring our mission thrives.

Every gift strengthens the foundation that makes lifesaving care possible, and we are deeply grateful for the trust and partnership that make this work a reality.

#1 in Quality

IN THE U.S.

There can only be one #1.

The U.S. Department of Health and Human Services has ranked St. Luke's as one of the three highest-performing health systems in the nation for quality, safety and patient experience – affirming St. Luke's leadership among the country's largest and best-known health care providers.

Excellence isn't claimed. It's earned.

St. Luke's, leading the way.

MKBC's **Celebrate Hope** initiative is a program which reunites transfusion recipients with their actual blood donors. These are powerful celebrations for everyone, but especially for the recipients and donors. Below are just a few beautiful moments between transfusion recipients and their blood donors as they meet for the first time.

SMART MARKETERS KNOW: PERSONALIZATION ISN'T OPTIONAL - IT'S POWERFUL.

Today's most effective campaigns use variable printing to turn data into meaningful connections. With the right strategy, every piece you send can speak directly to the individual holding it. Alcom helps brands transform raw data into highly personalized print experiences that capture attention, build loyalty, and drive measurable results.

When your message feels personal, engagement rises — and so does your return on investment.
