MILLER-KEYSTONE BLOOD CENTER TO HOST “FIND YOUR TYPE” SINGLES EVENT SEPTEMBER 25

LEHIGH VALLEY, PA – Looking to make a new connection, and maybe save a life along the way? Miller-Keystone Blood Center (MKBC) has announced the return of its “Find Your Type” Singles Event, a fun, casual evening where meaningful connections and lifesaving generosity come together.

“On Friday, September 25, our Bethlehem Donor Center will be a great place to mix, mingle and meet other local singles in a comfortable, low-pressure setting,” said MKBC’s Krista Brodbeck, Community Engagement Manager. “In addition to music, food and mocktails, we’ll have guided activities and conversation starters to help break the ice and make those connections a little easier.”

The evening will also feature raffle prizes and photo opportunities, along with the chance for interested attendees to roll up their sleeves and donate blood.

What: “Find Your Type” Singles Event - Open to Singles Ages 18 and Older

**Where: Miller-Keystone Blood Center,
1465 Valley Center Parkway, Bethlehem, PA 18017**

When: Friday, September 25 | 4:00 PM – 8:00 PM

Raffle prizes will be provided courtesy of local merchants including Franklin Hills Vineyards, Shankweiler’s Drive-In, and more.

“Blood donation is certainly encouraged at our September 25 event, but it is not required,” Brodbeck added. “Who knows? Maybe you’ll find your type, maybe you’ll save a life. Either way, our Singles Night could be a perfect match!”

About Miller-Keystone Blood Center

Established in 1971, Miller-Keystone Blood Center (MKBC) is a non-profit community blood center dedicated to providing a safe and reliable blood supply to hospitals throughout the region. Headquartered in Bethlehem, PA, MKBC serves over 30 regional hospitals across more than 22 counties in Pennsylvania and New Jersey, supporting the health and well-being of 3-million+ residents. MKBC operates six donor centers, four satellite locations, and conducts more than 1,000 on-site blood drives annually. Last year, the Blood Center registered nearly 60,000 donors, resulting in the preparation and distribution of nearly 100,000 transfusable blood products.
